## The Day

The day will begin with all the guns meeting at the Hunters Pub for bacon rolls, tea and coffee. Daniel (owner of Prescott Shooting) will then run through the format of the day and run through safety and carry out a peg draw. Once this is done Daniel will introduce you to your instructor who will look after you all day. Everyone will then boot up and load into 4x4's off to the first drive. After the 2nd drive elevenses will be served of champagne, soup and sausages. The remaining drives with then be shot all under the guidance of your instructor. After the final drive we will all meet back at the Hunters Inn for a shoot lunch and to discuss the days triumphs. The keeper will then join us where you will be able to "tip" the keeper and receive a brace of birds to take home.
